

## Shock Absorber Modernization Kit

This new, improved Shock Absorber system can be retrofitted on all Schlafhorst Autocoros. It completely eliminates bouncing packages! The kit can be installed in less than 10 minutes per position. The original, worn-out shock does not need to be removed.

COMPLETE SETS (Including covers)		
# of positions	SE-8/9/10	SE-11/12
Single (no cover)	9582618	10503703
